

# NHRA MEMBER TRACK PROGRAMS

The popular NHRA All Access Challenge for E.T. racers rewards competitors at NHRA member tracks with the opportunity to compete for a special-edition Wally. Winners will be featured in NHRA *National Dragster* if their tracks provide coverage. For more info, log on to [NHRA.com/NHRAtv-Challenge](http://NHRA.com/NHRAtv-Challenge).

The NHRA Summit Racing King of the Track competition is held at NHRA member tracks that support the NHRA Summit Racing Series in conjunction with a weekly racing event or a newly created event. Winners receive an NHRA Wally and King of the Track hat, and their picture, if supplied, will be printed in NHRA *National Dragster*.

The NHRA Member Track Madness program allows NHRA member tracks to develop a unique and exciting event for their racers, whether centered around weekly NHRA Summit Racing Series events or any other categories. The champion will earn a custom trophy as well as two single-day spectator credentials to any NHRA Mello Yello Drag Racing Series event.

NHRA member tracks may participate in a program geared specifically toward Jr. drag racers, the NHRA Summit Jr. Drag Racing League Challenge. Drivers compete for special-edition Wallys and will receive recognition in *Jr. Dragster* if their tracks provide coverage.

**N**HRA Drags: Street Legal Style presented by AAA is racing culture — a fun and exciting alternative to illegal street racing. Every day, racers from around the country flock to NHRA member tracks to participate in legitimate, legal vehicle racing for minimal cost. NHRA member tracks are the best way to try out your need for speed, challenging fellow racing enthusiasts for time on a controlled track with street-legal vehicles. In 1994, NHRA began a program of events for street-legal cars and motorcycles in Southern California. Since then, thousands of potential illegal street racers throughout the country have turned to their local dragstrips. Today, NHRA continues to combat illegal street racing

through the NHRA Drags: Street Legal Style presented by AAA program.

Only legitimate street-legal machines are permitted to participate. Though schedules vary from track to track, most Street Legal venues feature time trials and grudge racing only. Grudge racing permits participants to choose their competition. Win or lose, participants may return to the staging lanes for more time trials or grudge runs. Participation is open to those with a valid driver's license, proof of registration and insurance, and a street-legal vehicle.
